Dear Business Owner,

Attached is a flyer for an idea for raising money for our Animal Rescue at your place of business.

Who We Are

- We are called Animals Can't Talk Rescue and Adoption Inc. in E. Stroudsburg PA.
- Animals Can't Talk Rescue and Adoption, Inc. (ACT) is a 501c-3 corporation, and is an all volunteer organization.
- ACT hopes to help as many unwanted, lost and abused animals as they can.
- All are veterinarian checked, inoculated, treated (when necessary), spayed and neutered (our primary thrust) and cared for until adopted.
- ACT's main objective is to find them good homes. We exist only on the kindness of your donations and adoptions.
- ACT will also give advice to people who have colonies of ferals and want to do trap/neuter/return.
- At the present time, due to lack of foster homes, ACT is mainly concentrating on cats.
- ACT is also looking for volunteers who can work amiably with each other for the benefit of the animals.
- ACT will speak for those who cannot speak for themselves.

Please visit our website to find out more about us. We would greatly appreciate your assistance. In return, you would have our utmost gratitude, plus we would like to place your business name on our website. You may send a check to our address once proceeds are collected.

See our C.A.R.E. Page where we list companies who assist us.
