

Housing And Vaccinating Each Newcomer

Our new project, H.A.V.E.N. is under development to obtain a new building for the rescue cats that are housed within Animals Can't Talk Rescue and Adoption, Inc. Currently, our President, Naomi Gauntlett, gives shelter to the cats waiting for adoption in her personal residence.

We hope to acquire funding/grants to change this.

Our goal is to find a house/building that is larger than the 3325 Penn Estates address which we will call H.A.V.E.N. This will be a safe and welcoming place for cats to live until a permanent home can be found. We also hope to have some property so a fenced-in area (cat fence) could give shelter and food to feral cats that have been neutered. The desired location would be in the Saylorsburg, PA area near our veterinarian, Creature Comforts Veterinary Service.

There are many foreclosed homes in the Pocono Region, so we believe we could find a location at a reasonable cost. If you or your business would like to contribute or request more information about this project, please contact us by phone, mail or email. All donations are tax deductible.
